Independent Auditors' Report

The Board of Trustees
Southern Education Foundation, Inc.:

We have audited the accompanying statements of financial position of Southern Education Foundation, Inc. (the Foundation) as of December 31, 2005 and 2004, and the related statements of activities and cash flows for the year ended December 31, 2005 and nine-month period ended December 31, 2004. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Southern Education Foundation, Inc. as of December 31, 2005 and 2004, and its changes in net assets and its cash flows for the year ended December 31, 2005 and nine-month period ended December 31, 2004 in conformity with U.S. generally accepted accounting principles.

As discussed in note 1(c) to the financial statements, the Foundation changed its fiscal year-end from March 31 to December 31 in 2004.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information included in schedules 1 and 2 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements December 31, 2005 and 2004

(1) Summary of Significant Accounting Policies

(a) Description of Business

Southern Education Foundation, Inc. (the Foundation) is a public charity which was established to promote equity and quality in education, primarily for disadvantaged citizens in the South.

(b) Basis of Accounting and Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting and reflect all significant receivables and payables.

The Foundation's net assets and revenue, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Foundation and changes therein are classified as unrestricted, temporarily restricted, and permanently restricted.

Unrestricted net assets include amounts that are not subject to donor-imposed stipulations which are used to account for resources which are available to carry out the purposes of the Foundation in accordance with the limitations of its charter and bylaws. The principal sources of unrestricted funds are grants, contributions, bequests, and investment income. The Foundation's governing board has designated \$8,000,000 as the historic dollar value of unrestricted net assets for long-term investment as of December 31, 2005 and 2004.

Temporarily restricted net assets are those resources currently available for use, but expendable only for purposes specified by the donor or grantor. Such resources originate from grants, contributions, and investment income restricted for specific purposes. When a donor or grantor restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Permanently restricted net assets are those resources subject to donor-imposed stipulations that they be maintained permanently by the Foundation. Generally, the donors of these assets permit the Foundation to use all or part of the income earned on related investments for general or specified purposes.

(c) Fiscal Year-End

During 2004, the Foundation changed its fiscal year-end from March 31 to December 31. The Foundation's financial statements are presented for the year ended December 31, 2005 and ninemonth period ended December 31, 2004. The Foundation changed its fiscal year-end to reflect financial information that is consistent with its programs and operations.

(d) Investment Securities

Investment securities include both debt and equity securities. The fair value of investments in marketable equity and debt securities is based on quoted market prices. Realized gains and losses on sales of investments are computed using the specific-identification method. Unrealized gains and losses are calculated based on the securities' fair values, as determined by an active market as of December 31, 2005 and 2004.

Notes to Financial Statements

December 31, 2005 and 2004

(e) Cash Equivalents

Cash equivalents consist primarily of money market accounts and other short-term cash investments. For purposes of the statement of cash flows, the Foundation considers all short-term, interest-bearing deposits with maturities of three months or less to be cash equivalents.

(f) Building, Furniture, and Fixtures

The building consists of a condominium interest in an office building and is being depreciated on a straight-line basis over an estimated useful life of 30 years. Furniture and fixtures are being depreciated on a straight-line basis over estimated lives of five to ten years.

(g) Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited on the basis of square footage, payroll, or other relevant bases.

(h) Federal Taxes

The Foundation is recognized as an organization exempt from federal income tax under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3).

(i) Use of Estimates

Management of the Foundation has made certain estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare the financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates.

(2) Grants Receivable

Grants receivable consist of the following at December 31, 2005 and 2004:

	 2005	
Ford Foundation	\$ 	210,000
Kresge Foundation	_	160,000

(5) Pension Plan

The Foundation has a defined contribution (money purchase) retirement plan covering substantially all employees. The plan provides for the Foundation to contribute 15% of the participant's regular base salary, which is used to purchase annuity contracts for participants. The annuity contracts are the property of each participant and retirement benefits are provided solely from such contracts. For the year ended December 31, 2005 and nine-month period ended December 31, 2004, contributions to the plan totaled \$118,018 and \$101,138, respectively. The pension contributions have been allocated to the various expense classifications on the same basis as salary costs.
